

SUSTAINING INSTITUTIONS AND COMPANIES DIRECTORY OF DANISH ACOUSTICAL SOCIETY

ACOUSTICA - CARL BRO A/S

Address: Granskoven 8
DK- 2600 Glostrup
Denmark
Phone: +45 43 48 60 60
Fax: +45 43 48 65 43
Web: <http://www.carlbro.com>
Contact person: Jensen, Allan
E-mail: aca@carlbro.com

Activity: Acoustica is a division in the Carl Bro Group. We employ 30 technicians who are Specialists in Acoustics, noise and vibration. Acoustica is accredited by the Danish National Testing Board to perform international tests. We perform measurements, testing, feasibility studies, planning and supervision. We are specialists in Environmental noise, Building-acoustics, Room-acoustics and railway-noise including vibrations.

BOMBARDIER TRANSPORTATION

Address: Toldbodgade 13
DK- 8900 Randers
Denmark
Phone: +45 86 42 53 00
Fax: +45 86 42 83 81
Web: www.bombardier.com
Contact person: Hovmand, Per
E-mail: per.hovmand@transport.bombardier.com
Activity:

COWI

Address: Odensevej 95
DK- 5260 Odense S
Denmark
Phone: +45 63 11 49 00
Fax: +45 63 11 49 49
Web: <http://www.cowi.dk>
Contact person: Rasmussen, Søren
E-mail: srs@cowi.dk

Activity: COWI is a multidisciplinary and leading consultancy offering services within all main engineering fields. COWI holds 25 highly skilled acousticians work within building and architectural acoustics, environmental noise, industry and community noise

DANOLINE A/S

Address: Klovermarksvej 4
DK- 9500 Hobro
Denmark
Phone: Dir +45 96 57 30 61
Fax: +45 96 57 30 01
Web: <http://www.danoline.dk>
Contact person: Ipsen, Erik
E-mail: ei@danogips.dk

Activity: Manufacturer of sound absorbing materials specially for use on ceilings and walls.

G.R.A.S. SOUND & VIBRATION APS

Address: Staktoften 22D

DK- 2950 Vedbaek

Denmark

Phone: +45 45 66 40 46

Fax: +45 45 66 40 47

Web: <http://www.gras.dk>

Contact person :

Rasmussen, Gunnar

E-mail: gras@gras.dk

Activity: G.R.A.S. Sound & Vibration offers a wide range of precision front-end products: microphones, preamplifiers, acoustic transducers, hydrophones, pistonphones and calibration equipment. For more specific applications, these are complemented by a range of specialised transducers and accessories: Probe, Array, and Sound-intensity microphones; artificial ears and mouth; ear simulators, and, for noise pollution measurements, environmental and outdoor microphone units. In short, all the front-end products needed to make precise and reliable measurements, and records of acoustic signals: from the transducer to the input of the A/D converter. All products are meticulously designed and developed to comply with inter/nationally laid-down measurement standards.

INGEMANSSON TECHNOLOGY AB

Address: Rathsacksvej 1

DK- 1862 Frederiksberg C. Copenhagen

Denmark

Phone: +45 35 55 70 17

Fax: +45 35 55 70 18

Web: www.ingemansson.com

Contact person: Morten Hell

E-mail: denmark@ingemansson.com

Activity: Ingemansson is one of Europe's leading expert in the area of sound and vibration. We design quiet and vibrationfree environments and products. We not only reduce sound, we are frequently asked to enhance and increase it as well, creating superior acoustics in environments designed to optimize speech, singing, and music. Our unsurpassed experience and technical know-how enable us to transform new ideas into practical, customized solutions. Ingemansson operates within the fields of Industry, Community, Buildings, Product development and Automotive.

NNE A/S

Address: Gladsaxevej 372

DK- 2860 Soeborg

Denmark

Phone: +45 44 44 77 77

Fax: +45 44 44 37 77

Web: <http://www.nne.dk>

Contact person: Hansen, Stig Martin

E-mail: smha@nne.dk

Activity: NNE A/S is one of Scandinavia's leading engineering consulting companies. Over the years, we have accumulated expertise in engineering and executing investment projects for the biotechnological and pharmaceutical industries. We cover all aspects of noise and acoustics, i.e. environmental noise, occupational noise and vibrations, architectural acoustics, building acoustics, noise control etc.

AKUSTIKNET A/S

Address: Frederikssundsvej 179B

DK-2700 Broenshoej

Denmark

Phone: +45 38 26 22 00

Fax: +45 38 26 22 05

Web: www.akustiknet.com

Contact person: Moeberg Nielsen, Per

E-mail: info@akustiknet.dk

Activity: AkustikNet's services and skills cover a broad range of acoustics and dynamics work issues. As part of a multinational team of companies and experts, we are able to provide the most appropriate solutions and the highest level of expertise to solve any problem in acoustics. AkustikNet is accredited by the "Danish Board for Accreditation and Conformity Assessment" to perform a great variety of tests. AkustikNet is a notified body under EU Directive 2000/14/EC "The Outdoor Machinery Directive".

AkustikNet specialises in:

- The working environment: measurement and control of noise and vibration exposure
- The exterior environment: noise and vibration from industry, roads, trains, and aircraft
- Low noise design and acoustic design: development of low noise and low vibration machinery and equipment
- Architectural acoustics: sound insulation, room acoustics, acoustic planning and design.

BRÜEL & KJÆR SOUND & VIBRATION MEASUREMENTS A/S

Address: Skodsborgvej 307

DK- 2850 Nærum

Denmark

Phone: +45 45 80 05 00

Fax: +45 77 41 20 30

Web: <http://www.bksv.com>

Contact person: Jensen, Eilif Bitsch

E-mail: info@bksv.com

Activity: Since 1942, Brüel & Kjær, with its Headquarters in Denmark, has been the industry pioneer and leading innovator in sound and vibration measurement. We offer a full range of hardware and software products covering almost every application in the field. With a 1000 employees, more than 90 sales offices or local agents in 55 countries, eight accredited calibration centres worldwide, Brüel & Kjær provides immediate customer support.

Brüel & Kjær calibration is accredited by DANAK thus fulfilling the requirements of ISO and other standards.

Brüel & Kjær is part of UK-based Spectris plc, a specialist process technology company that focuses on industrial electronic and process instrumentation.

VELUX A/S

Address: Ådalsvej 99

DK- 2970 Hørsholm

Denmark

Phone: +45 4516 4000

Fax: +45 4516 7890

Web: <http://www.velux.com>

Contact person: Rasmussen, Birgit

E-mail: birgit.rasmussen@velux.com

Activity: VELUX creates better homes by letting daylight and fresh air through the roof. The core products are roof windows and skylights, but the product range also contains decoration and sunscreening products, roller shutters, installation products, remote control units and solar

panels. VELUX is one of the strongest brands in the global building materials sector and the products are sold around the world. The VELUX Group has production companies in 10 countries and sales companies in nearly 40 countries. At the beginning of 2005, some 8,500 people were employed in the VELUX Group.
